

IO Insights: Virtual Data Wall

This guide provides an overview on the IO Insights Virtual Data Wall application. Users will learn how to use the Data Wall to quickly bring all student data into one place, providing teachers with quick analysis tools to personalize student learning.

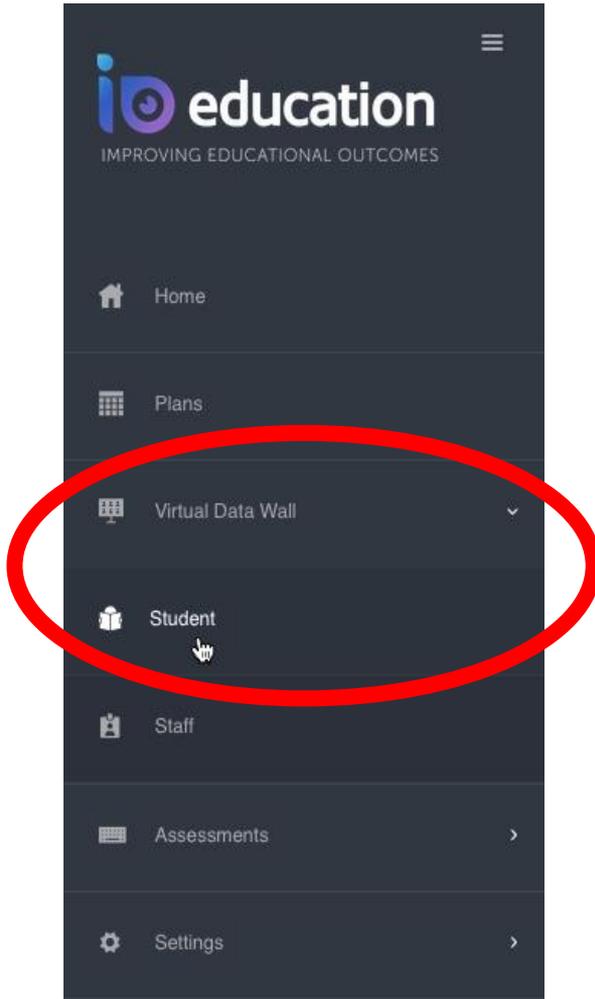

<https://baseline.ioeducation.com>

Recommended Browser:

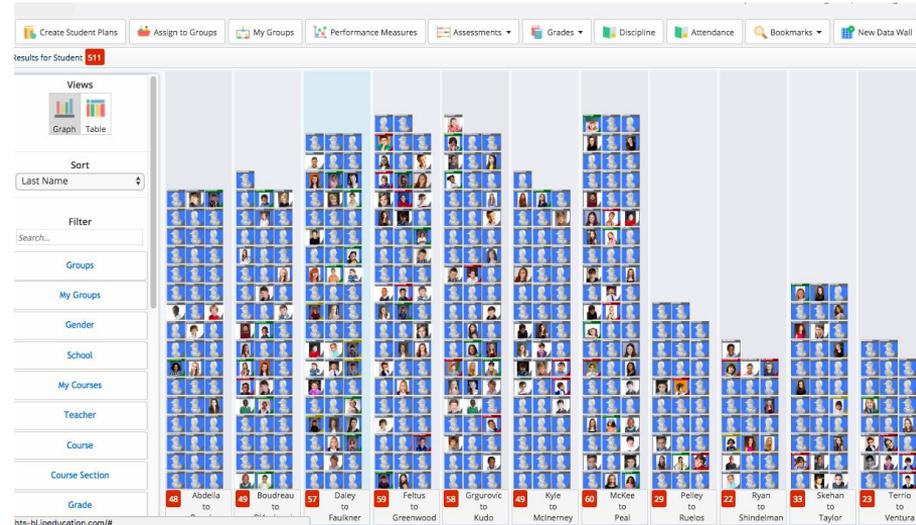

Step 1

To access the Virtual Wall click Virtual Data Wall>Student.

Step 2

When you first navigate to the Student Data Wall you will see all of the students you have access to.

Step 3

All filter options are available to the left of the wall. Select a category to filter then click the checkbox to select an item.

To add an additional filter, click a category once again and select an item to filter. You will see the result in the number of students and the filters that have been selected. If you would like to remove the filter click the red X on the category. To remove all filters click Clear All.

<input type="checkbox"/>	AMPARO COPLAND	228
<input type="checkbox"/>	BARBARA CLARK	151
<input type="checkbox"/>	BENJAMIN PATTON	108
<input type="checkbox"/>	BRIAN MASON	222
<input type="checkbox"/>	CARLOS LAW	146
<input type="checkbox"/>	DIANNE KNIGHT	164
<input checked="" type="checkbox"/>	EARL BROWN	35
<input type="checkbox"/>	EULA PHILLIPS	605
<input type="checkbox"/>	GALE MARES	133
<input type="checkbox"/>	GLADYS FOWLER	380
<input type="checkbox"/>	HELEN GARNER	35

Step 4

Once you have filtered your list of students you will see a card for each of your students. To view a brief summary of an individual student's data click the image of their card. The summary contains the student's information and includes the plans and groups the student has been assigned to.

To view a more detailed summary of the student data click View Profile.

Assessment Filter:

Assessments can be filtered based on student scores.

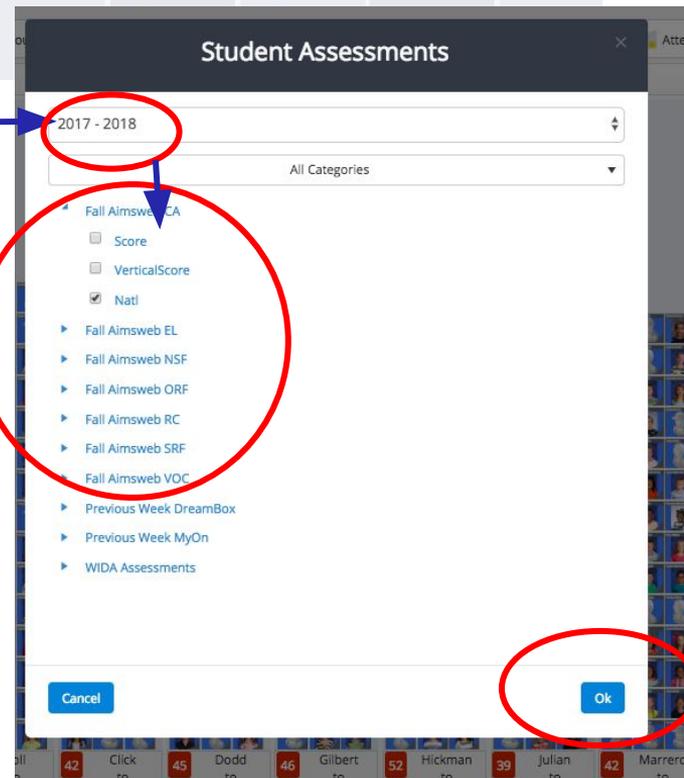

Step 1: Click New Data Wall

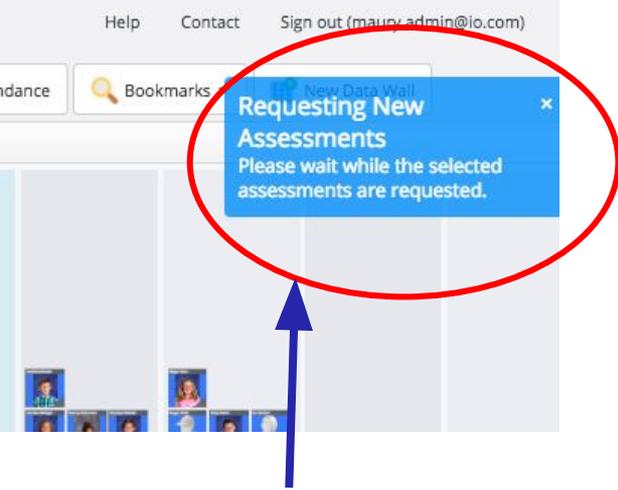

Step 2: Click Assessments>Student Assessments

Step 3: Select the School Term

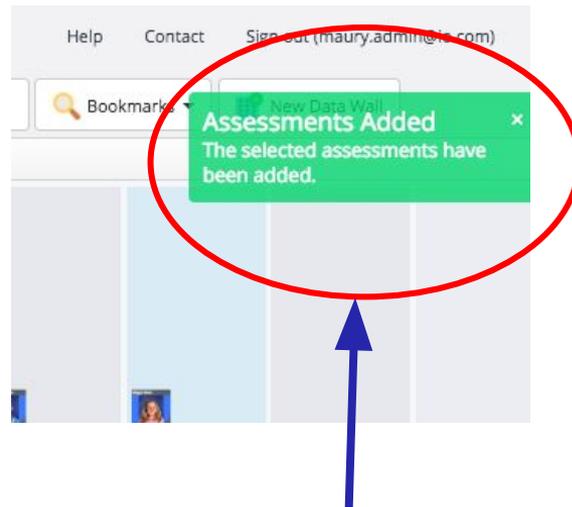

Example: TN Ready 2016-2017 data would be found in the 2016-2017 school term

Step 4: Choose the Assessment you want to filter by>Click OK

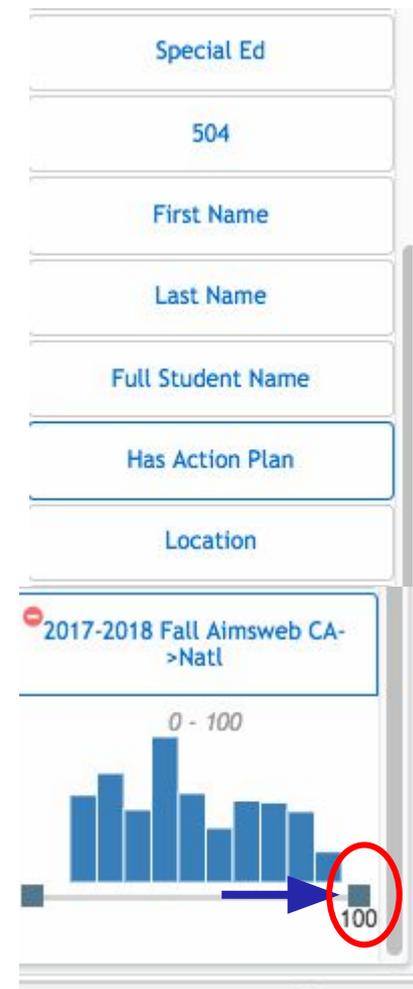

Once the request is in, you will see the following blue message

When the request is complete, you will see the following green message.

Next, navigate to the filters located on the left side of the Virtual Data Wall and scroll down to the bottom of the list where you will then see the assessment you selected to filter.

Click and drag to view students scores within a specific range
