

SY22-23 Scores Review

INDIVIDUAL SCHOOL DATA

Proficiency Levels are:

PL1 = Below Proficiency

PL2 = Approaching Proficiency

PL3 = At Proficiency

PL4 = Exceeds Proficiency

- Blue fill in column indicates the school with the most proficiency.
- Yellow fill indicates that PL 2 (Approaching) made up the largest percentage of scores. (i.e. move these students by one PL and we increase proficiency rates.)
- Green, Yellow, or Red fill indicates if proficiency rates went up, stayed the same, or went down compared to last year.

FYI: To track a cohort, look at the 2022 proficiency and compare it to 2023 proficiency for the next highest grade level.

- The scores we just reviewed are **ACHIEVEMENT**. They look at how a student scored on an assessment given on one day to measure knowledge of content.
- Next month (if scores are not still embargoed) we will look at **GROWTH** scores for schools & district. These measure where a student started to where they ended a year academically.
